### Says Town Got Milk From Diseased Herds

Former Inspector Gets \$50  
Compensation For  
Short Notice

Veterinary Surgeon Better  
Qualified, Says  
M.O.H.

Following the complaint of Archie Mair at the previous meeting that he had been unfairly dismissed as milk inspector, Dr. J. H. Wesley, M.O.H., and Mr. Mair were invited to attend the town council meeting Monday evening.

Mr. Mair said at the first meeting that he had been dismissed without proper notice, and on the ground that he was otherwise employed in the day time. He said that he could get away from his work at any time if necessary. He said that the real reason he had been dismissed was because he had refused to comply with instructions of the M.O.H. not to permit a certain producer, with whose milk he could find no fault, to ship milk into town.

On Monday evening Dr. Wesley made a full statement but declined to remain to hear Mr. Mair.

"No controversy," said Dr. Wesley.

"I thoroughly agree with all the remarks of Dr. Wesley," said J. R. Y. Broughton, chairman of the board of health. "I had it thrown up to me that it was a personal grievance. There is nothing to it. When we received reports written up in the dark, I thought there was something wrong."

"The letter from Dr. Wesley said that it was not on account of any inefficiency, but because I was engaged full-time," said Mr. Mair. "Now it is because of inefficiency. It is easy for another man to go out and find faults. If I wanted anything done, I asked for it and the farmers usually did it. If there is so much wrong, why is the bacteria count so low?"

"He talks as if I knew nothing of disease of cattle. I took a course at the Agricultural College and I had a life experience in a dairy. He wanted me to close off a producer for nothing."

"I think it is very wrong for us to entertain criticism of the head of a department," said Reeve Dr. L. W. Dales. "The M.O.H. might be wrong but there is friction. It can't go on. The matter is settled."

"I'm here for justice," said Mr. Mair.

"Unfortunately, I had to disagree with the rest of the board in the first move to replace Mr. Mair, for the reason that Mr. Hunter, an inexperienced man, was suggested," said Mayor Dr. S. J. Boyd.

"Wasn't part of the idea to get the work done cheaper?" asked Dr. Dales.

"When they suggested Mr. Lockhart, I said that was more suitable," said Dr. Boyd. "At the same time, I pointed out, from a humane point of view, that Mr. Mair had a family and needed the money."

Mr. Mair told the council that he would "have to go further," but, on the advice of Dr. Boyd and Dr. Dales, agreed to accept monetary compensation for short notice.

The council voted him \$50.

NEWMARKET ORCHESTRA HIGHLY PRAISED AT YORK FESTIVAL

"One of the best amateur orchestras we have heard for a long time," was the verdict of J. Campbell McInnes and his fellow adjudicator, in awarding the Newmarket Era shield to Trinity United church orchestra, at the York Musical Festival at Aurora last week. The orchestra also won the handsome J. O. Little cup for orchestras of 15 players. Aubrey Bailey, leader of the orchestra, was highly complimented. Members of the orchestra are left to right: Harold Rutledge, Bruce Black, Harold Scholz, Rev. Robert Wilson, Austin Brammer, James Willis, Robert Moke, Aubrey Bailey, David Miller, Andrew Stouffer, Salvador Catania, George Morris, David Ferguson, Mrs. Aubrey Bailey and Francis Cook. — Photo by Budd.

### \$25,000 Overhaul Of Electric Plant Delayed

Mayor Not Anxious To  
Proceed With Spending  
Plans

Proposed re-building of the local electric plant received a setback at the town council meeting Monday evening.

Mayor Dr. S. J. Boyd called upon Councillor W. W. Osborne, chairman of the water and light committee, to bring in a resolution inviting the Ontario Hydro-Electric to send engineers here to make a survey.

"We have confidence in Mr. Rachar, and I feel that we should let Mr. Rachar go ahead with his plans," said Mr. Osborne. "I am willing, and Mr. Rachar is willing, to have an independent engineer come in and go over his plans, but not the Hydro."

"We have seven years to go, and I don't think that we should be dumped up with the Hydro. The Hydro charged Aurora \$300, and neither should it be thrown in to the pigs without being previously boiled. In a limited experience as a farmer, I can well remember doing a post mortem on one of a big litter of young pigs that were dying one after another, and found that they showed unmistakable signs of tuberculosis. No doubt the mother had been fed the milk from tubercular cows and she in turn gave the disease to her little ones. Diseased milk not only contains the germs of tuberculosis and contagious abortion which we have all heard so much about, but in the case of a cow having mastitis, or inflamed udder, her milk contains the most deadly germs, such as streptococcus, staphylococcus and colo bacilli."

"If this milk is properly boiled or pasteurized, it does the family no particular harm in using it for food, but what about a slip in the pasteurizer and if the work is not carefully done? Health authorities are under

ALBERT STARR RETIRES  
FROM SUPPLY CO-OP

After 18 years of successful management of the Newmarket Farmers' Co-operative, Albert Starr will retire from that position at the end of this month.

Mr. Starr has built the feed and supply business, which is organized as a co-operative but has never paid purchase dividends,

from a humble start to a position of enviable strength.

MRS. C. EYES PRESENTED  
WITH BIRTHDAY CAKE

On behalf of the Cherokee club, Mrs. Herman Gilroy expressed her pleasure at the large number of country and town people present, at the cooking school, directed by Mrs. H. M. Aitken on Wednesday afternoon in the town hall. The hall was crowded. Mrs. Gilroy thanked all who attended for their co-operation.

The oldest lady present, Mrs. Chaney Eyes, 80, was presented with a birthday cake.

Other prizes of groceries and baked articles were awarded to the persons holding the lucky numbers. Five special prizes, donated by the Cherokee club, were also distributed in this way.

Mrs. Aitken demonstrated the preparation of a number of dishes, including a salmon roll, butterfly rolls, cold meats, strawberry pies, rolls and salad, salad dressing, small cakes and butter-scotch pie.

Afternoon tea was served at the close of the afternoon.

BICYCLES STOLEN

Bruce Tansley's bicycle was taken from the Stuart Scott school last week and has not been recovered. Harry Vandenberg, delivery boy, lost his bicycle from in front of a Main St. grocery on Monday at 5 p.m.

Neither owner was able to give the serial number of his bicycle. Constable Kenneth Mount investigated.

### NEWMARKET WINS EXHIBITION GAME

Newmarket Redmen, encouraged by a barrage of hits in the first inning, went on to win the opening exhibition softball game with Pickering College by 15-10 on Friday evening of last week at Pickering's home diamond.

The Redmen opened up strong offensively in the first inning, scoring seven runs to give them a comfortable lead to work on. The Pickering softballers put up a good game and made the Redmen work hard to pull out with a win.

The return game will be played at the Stuart Scott school grounds on Friday night, commencing at 7 o'clock. Pickering will be out for revenge and a good game is assured.

### M. O. H.'S SALARY INCREASED TO \$300

The salary of Dr. J. H. Wesley, M.O.H., was increased from \$200 to \$300, by the town council on Monday evening.

N. L. Mathews, K. C., clerk and collector, brought to the attention of the council a recommendation of the board of health that the salary of the M.O.H. be increased to \$300.

"It was \$150 and was increased last year to \$200," said Mr. Mathews.

"Last year Dr. Williamis of Aurora (M.O.H. for Whitelock) asked for an increase," stated Mayor Dr. S. J. Boyd. "He took it to court and got it. It is a difficult job. You make bad friends, and help your private business."

"If it were taken to court, Dr. Wesley would get it, perhaps more," said Mr. Mathews.

### DANCE IN CHURCH NOT MENTIONED

Heavily publicized as the preacher who advocated dancing in the church, Rev. Gordon Dommin, Bathurst St. United church, Toronto, failed to say anything sensational at the annual meeting of the United church women's association of Toronto centre presbytery. The meeting was held in Trinity United.

A statesman recently said that the British Empire spends a million pounds a day for armaments, except on Sunday, when they stop to pray for peace," said Mr. Dommin. "It is time for each nation who manufactures armaments to ask the question: Is it who is responsible for this war in China?"

Mrs. George Russell welcomed the visitors. Mrs. Morley Andrews, Aurora, was among the leaders of the discussions.

Miss Jean Hunter sang a solo. Illyd Harris played.

The Trinity Women's Association served nearly 300 guests at noon.

### WINS FIVE MEDALS

Little Miss Eileen Jackson, eight-year-old daughter of Mr. and Mrs. H. A. Jackson, won four gold medals and a silver medal at the York Musical Festival, three for piano, one for public school reading and one for recitation.

### ST. JOHN'S DATE NAMED

St. John's Roman Catholic church garden party is announced for Wednesday, July 20. That is two months away, but it is not too soon to plan to attend one of the finest garden parties of the season. An enterprising committee is planning to give all the old attractions and a little extra.

WOULD TREAT WATER  
FOR SUMMER TASTE

The town's drinking water is usually worse at the beginning of the summer season. Dr. J. H. Wesley, M.O.H., advised the town council on Monday evening, suggesting that he should take up with Dr. Berry of the provincial department of health the question of treating the water at the filtration plant with sodium silicate.

The council took no action.

"We have a parking by-law, but the merchants came up and opposed it," said N. L. Mathews, K.C., clerk and collector.

Mr. Mathews thought this law provided for half-hour parking.

The council acquiesced in Dr. Dales' request that a one-hour parking by-law be brought in. This would affect Main St. from Water to Millard.

"We have a police court here now," added Dr. Dales.

Constable Watt Takes  
Injured Woman To  
Hospital

(Coming Events announcement)

A charge of assault has been laid against William Morden of Holland Landing, following investigation of a quarrel alleged to have taken place Wednesday night at the home of Tom Foster, in the Holland Marsh.

Mrs. Betty Morden, wife of the accused, was found badly beaten at the side of a Holland Landing road, and Constable Ronald Watt was summoned. The constable drove Mrs. Morden to York county hospital. Police have been unable to locate Mr. Morden, though they have found his car.

### MAIN ST.

Newmarket's most pressing problem, we thought until recently, was Main St. traffic congestion. Now it seems that the electric light plant, although not apparently so to the layman, is the greatest problem. And the town is going the right way to solve this problem, that is, by study, consultation and consideration. If the town is going to be up against a huge expenditure in 1945, when Newmarket becomes a Hydro municipality, now is the time to begin to face the music and perhaps incidentally save citizens a lot of money. Whether it is better to act now, or to await the worst, or to pursue some intermediate course, is being studied by members of the finance and light committees.

### Traffic Congestion

Main St. congestion is a similar problem, although it doesn't seem to have won the attention we think it really deserves. Driving up or down Newmarket's Main St. on a Saturday is as slow and tortuous as driving along King St., Toronto, between Bay and Yonge Sts. at noon on a business day, although we would regard the King St. drive as safer and easier on the nerves. Fenders are forever being scraped, traffic is delayed and Newmarket's customers are inconvenienced.

### Worthy of Thought

The traffic congestion problem is similar to the light problem because it will become more acute as time goes on. By 1945 Newmarket's Main St. will be sorely inadequate, unless changes are made. There are possibilities, of course, that a provincial highway along Huron St., if it materializes, might attract business that way and develop Huron St. as a second main street, but the logical thing is to take steps which will make the present Main St. adequate in 25 years. The council could set new building lines on both sides of Main St. in front of which no new buildings or new fronts could be erected. Every building on Main St., even today's most elaborate, will be replaced some day. Such action would enhance Main St. values. Property-owners should readily agree to deed to the town the additional land, as the street line is gradually moved back.

### Saving Future Grief

A course that would bring some immediate relief would be to widen the street from the post office north over the top of the hill. Buildings in this section are already far enough back to permit a considerable widening of the street. In any event, this Main St. problem deserves the same study and consideration that the electric light problem is receiving. The town would be well repaid if it were to seek professional advice from a town planning engineer.

### Letting The Council Out

In fairness to the council, we should say that we do not believe that the primary responsibility for arousing interest in this problem and finding a solution for it rests with the council. The general public suffers as a result of Main St. narrowness, but the principal sufferers are the business men and property-owners on Main St. A problem like this could properly be studied by a chamber of commerce or business men's association before presentation to the council. As the town lacks such organizations, the Lions club, which numbers civic improvement among its objects, might study, consult and recommend.

### TECHNICAL SCHOOL ADDITION

On the ground that the province should assume a larger share of the cost of secondary education, Bowmanville town council has turned down a request from the Bowmanville high school board that the town should guarantee debentures for the erection of a shopwork and home economics wing. The Bowmanville council by resolution declared that "municipal real estate cannot justly be taxed for 85 per cent of high school costs as at present," and urged the high school board to support a resolution "being tabled at the convention of school trustees in Oshawa that the

failed to work at a critical moment.

The annual meeting of the W. M. S. took place in the school room on Wednesday evening. The past year was the most successful in the history of the society, the sum of \$263 being raised. The new officers are: pres., Mrs. B. F. Irwin; vice-pres., Mrs. R. J. D. Simpson; recs., Mrs. A. Stouffer; corr.-sec., Mrs. B. Hewitt; treas., Miss Drift.

A pretty wedding was solemnized on Wednesday afternoon, when Lila Bernice, daughter of Mr. and Mrs. Chas. Smith, became the bride of Mr. Reid R. Murdock, of Toronto. The ceremony was performed by Rev. R. J. D. Simpson.

All public schools are expected to have a special program next Friday afternoon, Empire Day, having special reference to the British Empire and her colonies.

Reports are coming in from the country that last Friday night's frost did much damage to fruit trees. Previous to that date, the prospect for fruit never looked more promising.

The directors of the Newmarket Agricultural society at a meeting on Saturday night, decided to have their annual excursion on Wednesday, June 18,

to Lake Rosseau, Muskoka.

### 50 YEARS AGO

From Era file, May 18, 1888

Mr. John Davis of Port Perry, spent a few days with relatives in the vicinity of Newmarket, returning home on Tuesday.

Mrs. George Dawson and family have returned from Toronto and intend to reside on the Yonge St. homestead for the summer.

The novelty of a snow storm on May 15 was experienced this week. However, the flakes melted soon after falling and the necessity of hauling out snow shovels of last season was prevented.

Patrick Ryan was injured in the yard at Canes' factory last Monday when a heavy log rolled on him. He was given medical assistance at once, no bones being broken, but he was crushed badly and has been confined to bed ever since.

William Bond has just purchased a refrigerator which is specially built for the butcher trade and should keep meats fresh all during the summer months.

While hauling brush for Bogartown dam a serious acci-

provincial government assume 50 per cent of the cost of secondary education." There is a good deal of justice in the contention that school costs fall too heavily on real estate, but the Bowmanville council seems to be biting off its nose to spite its face, for the province does offer to pay 50 per cent of the cost of building and equipping the new wing. Newmarket high school board and council concluded that now was the time to make this expenditure, that the government would give 50 per cent help to pioneering schools but would later reduce its grant. Bowmanville may get fooled.

### CRITICISM OF BRITAIN

Canada's prime minister is not one to speak without careful thought, but it seems to us that he advances an undesirable principle when he states that one British Commonwealth parliament should not criticize another, and that what members of parliament shouldn't do, speakers over the radio shouldn't do. He might have gone on and added the press. To suppress criticisms of British foreign policy, and we all know that when Britain speaks she not only commits herself but also to some extent the dominions, would be to deprive Canadians of any voice in British foreign affairs. Only through the free expression of public opinion in the dominions can Britain know what extent the rest of the British Commonwealth will support her in a crisis.

### The Alternative

A logical complement of Mr. King's principle that members of the Canadian parliament shouldn't criticize the British government is that Canadians, not having raised their voices in warning criticism, should give Britain complete support in whatever action she takes or trouble she gets into. But are Canadians prepared to do that? It is better that they should warn Britain where they will not follow her, rather than that they should let her down unexpectedly in a crisis.

### Inconsistency

At the present time, New Zealand, with old-fashioned ideas of honor and honesty, is opposing Britain's effort to push Haile Selassie out of the League of Nations. How will the New Zealand government be able to defend such action without criticism, open or implied, of the British parliament? Mr. King, of course, is just asking parliament and radio commentators to do what he is doing himself, what New Zealand refuses to do, to give the silence of consent to unjust treatment of Ethiopia. It is just as wrong for a democracy as it is for a fascist dictatorship to walk roughshod over the little fellow. Why should over 400,000 Canadians give their lives or some of the best years of their lives, and the entire dominion mortgage its future, to protect little Belgium, and then give open approval to the conquest of Ethiopia, in flagrant disregard of League of Nations pledges? We say: Thank God for New Zealand.

### RURAL ADULT EDUCATION

(Contributed by Muriel Thorpe, King)

In the rural areas of this fair country, rural adult education is perhaps one of the most vital things we lack. When one realizes how advanced Canada is along other lines, it seems a shame, yes, a crime, that the adult population in rural districts has not this advantage.

Many people have a vision of a perfect country. This means no depression or recession, as I have recently learned, no unemployment, fair wages, not such a wide spread between producer and consumer prices. This is all very beautiful and by no means impossible. But I hear someone ask, how is it possible? Some may blame the government, but I think it lies within ourselves, especially the agriculturist. After all, is not agriculture the basic industry, so why not start there?

In the first place, we must have adult education including all people who are not attending school. This education could be in the form of study groups. Such things as music, art, literature, handicrafts, and co-operatives might be study courses.

As this is meant for rural communities, I think some phase of co-operatives would make an ideal study course. Main reason for this conclusion is that the co-operative system has sound Christian principles and calls forth the best in a co-operative member, thus in an indirect way making better citizens and therefore building a finer country.

The other subjects mentioned tend to develop the higher senses. We, the rural people, need this greatly as we have not many opportunities of making contacts with the finer arts.

Once again I want to thank Pickering College at Newmarket, and its extension staff for making these things possible for us in this community. Of course, it is for us to take advantage of our opportunities.

Rural adult education tends more to make a better cultured agricultural people.

### GROWTH

"Did you ever see such eager growth?" said a friend to me the other day. We had been looking at all the different persons pushing, shoving, and squirming out of the earth, eager for their places in the sun.

The chestnut buds are bursting like tiny bombs, and the asparagus is sending its snaky green heads up to peep at the world-newborn.

Thus Mother Nature does her bit in the annual rejuvenation of our part of the world. The spring seems to be a time for mental growth too — witness, especially in rural communities, the eager small people, making their way towards our schools.

One mother told me she rather dreaded having her little daughter start, for fear she would be disappointed. She hardly knew what she expected, but at any rate, it was something pretty wonderful. But after the first two days she was just as enamored of the wonders of school as she had imagined she would be; her only trouble was that she was too excited to eat her lunch.

My own first attempts to enter the temple of knowledge, were not so happy. I was, unfortunately, for my peace of mind, a timid child and I got a fright the week before school opened.

It happened that we lived just three doors from the school, and every morning and evening, I saw a rather dreadful looking old woman, going to, and leaving the school.

She exactly fitted my fairy tale imagination of what a witch should be, and when one girl, who went to school, told me she was the teacher I would have, I nearly went mad with fear.

It was in vain that father and mother tried to tell me she only cleaned the school.

"Jean goes to school, and you don't, she knows," was all I would say, and I was almost too sick with fright to go. At last mother said, "I'll go with you, and if she is your teacher, I'll bring you home again."

So, knowing that I could depend on mother's word, I ventured forth, firmly clasping the maternal hand.

Going into the big sunny room, and meeting the teacher, whom I, like every other child who was fortunate enough to be under her care, learned to love very dearly, I cheered up, and soon found that for an only child, school was a marvelously place.

I've heard of children since who had fears about starting, of one kind and another. Some were wisely dealt with, as in my own case, but in some the old stern, "you'll go because I say

Peter Brown, son of Mark Brown, was injured. His horses became frightened and ran away. He was thrown off the wagon and received a broken collarbone.

The first match of the season of the tennis club will take place Monday evening.

There was a good attendance at the town hall last Tuesday evening. Mrs. Jarley's Wax Works were the chief attraction. The musical part of the program was furnished by Miss Hillary, Miss Ratcliff, Miss Perkins, Messrs. T. H. and W. Brunton, A. N. Chandler and Downs, assisted by several Toronto persons. The local hits in the last chorus almost brought down the house with applause.

It was a very nice entertainment and added a neat little sum to the building fund of St. Paul's church.

**MARRIED**—At the residence of the bride's father, on May 8, by Rev. John Pickering, Joseph Hudson, to Isabella, daughter of George W. Hunter, (formerly of Newmarket) all of Toronto.

The Hepburn government has not had a single bid for the Chorley Park property, official home of Ontario Lieutenant-governor since 1915. Tenders were formally called for two weeks ago.

Sir Gerald Campbell, for the last eight years British consul-general in New York, has been appointed high commissioner for the United Kingdom in Canada, it was announced this week. He will succeed Sir Francis Flood.

Rightist and leftist political groups at the University of Mexico, Mexico City, on Monday battled for possession of four of the university buildings, injuring six persons seriously. Armed members of the "Socialist Youth" groups seized possession of the main building in the early morning, occupying this until noon, when the other faction reentered the building, the leftists retiring peacefully.

A bad train disaster occurred late Monday night on the C. P. R. tracks near Schreiber, Ont., when a freight train plunged from the tracks, killing three persons and seriously injuring two.

Within a year, work on a huge fleet of three-engined bombers for the Royal Air Force, to be built under contract with the British government, will begin at the Canadian Car and Foundry plant at Fort William. Other contracts will be given to the Fairchild, Vickers and Nordyne companies of Montreal, and the De Havilland Corporation of Toronto, the Fleet Co. of Fort Erie and the Boeing Co. of Vancouver, according to the tentative plans of the air mission which arrived in Ottawa on Monday.

The worst wreck in the history of London's underground railways took place Tuesday, when a rear-end crash between two trains resulted in five deaths and 29 injuries. A wild panic followed the accident.

An outstanding personality amongst farmers of the British Empire at the moment, Sir Reginald Dorman-Smith is returning from Australia where he attended the Empire Farmers' Conference as leader of the British delegation, and spoke from a national hook-up on Tuesday. Sir Reginald is 39 years of age, member of the British parliament, and a past-president of the National Farmers' Union of England.

There seems to be growth among the educationalists as well as among those to be educated, and even if the new system is at times a bit confusing to teachers and pupils, yet it's a step in the right direction.

I fancy the suddenness with which some of the changes have been introduced, is responsible for the rather confused idea held by some as to the aim and object of all the changes.

If the growth of education in regard to public health, safety and sanity, kept step with that in the schools, there might be hope that more of those who are being trained in the schools, would be able to live safe, sane, and healthy lives, morally and physically.

We grow and we branch out, but some trees of good knowledge are of slow growth, and while, in the meantime, many trees of evil flourish and grow rapidly, the trees of good knowledge feed many young souls that only needed guidance to make their growth a benefit and comfort to their generation.

come toward me. "About 100 feet from my car he turned and came right into me," continued Mr. Horsley. "I pulled over as much as I could and was on the edge of the pavement. My car was hit on the rear left wheel, my back wheels skidded on the grass and the car shot around. When I recovered from the shock, I noticed the other car behind mine in the field. There was quite a bit of damage done to my car, but no one was hurt. We went back to find the other driver, about five minutes after the impact, but could see no one."

"I arrived at the scene of the accident about ten minutes after it occurred," testified Provincial Constable A. O. Ferguson. "I found Horsley near his car and a second car in the field on the west side. On examining the other car, I noticed it belonged to the Service Motor Sales, Toronto. As a result, I arrested Maybee two and a half hours later. He was sleeping in a tourist cabin at the Riverview Inn, about 300 yards from the accident. The car driven by Maybee travelled 366 feet from the point of contact to where it finally stopped. The accused seemed to me under the influence of liquor, so I took him to Dr. B. L. Sinclair, Bradford."

"It was about two and a half hours after the accident occurred when Maybee was brought to my office," stated Dr. Sinclair. "There was a distinct odor of liquor, his face was flushed and his eyes dilated. I gave a nervous examination and I would say he was under the influence of liquor. The muscular tests took a distinct effort and May-

ee couldn't walk in a straight line. I would say at the time of the accident the accused would be unable to drive but was beginning to sober up when I examined him."

"Would you say the accused was in a condition to drive?" questioned the magistrate.

"He might have been all right when I saw him, but he was not in a condition to drive two or three hours before that time," answered Dr. Sinclair.

"I have witnesses to prove I was working in Toronto until 10 p.m.," stated Mr. Maybee. "However, I won't deny drinking because I had two drinks of gin."

The evidence given by Constable Ferguson was corroborated by Provincial Constable Ivan Spencer.

"I am not satisfied with the evidence on the drunk driving charge," stated the magistrate. "It will be dismissed."

"The accused was convicted of reckless driving once before and he also served a term for fraud in Toronto three years ago," stated N. L. Mathews, K.C., crown attorney.

The magistrate allowed all evidence given on the first charge to stand for the other charges and the accused was sentenced on this.

The charges laid by County Constable Aubrey Fleury against Frank Bell, Fred Judge and Charles Judge, all of King township, for having liquor illegally, were adjourned for two weeks as there will be no court session next week.

The crown attorney asked that a warrant be issued for the arrest of John Zolaturnik, Toronto, who failed to appear in

court. Mr. Zolaturnik is charged with reckless driving and failing to remain at the scene of an accident.

Convicted on charges of speeding, Culver Jones, Toronto, Jas. A. Hyde, Louis Seller, Toronto, and Sam Park, were each fined \$15 and costs or ten days. Harold Galloway, Hamilton, and Ethel M. Crump, Toronto, paid fines of \$5 with costs or five days for speeding.

On similar charges of speeding, P. L. Wood, Toronto, Ed. Mathews, Camp Borden, Robert Burgess, Chas. Banzbury, Midland and Chas. Battle, were each fined \$10 and costs or ten days.

Fines of \$6 and costs or six days for speeding were imposed on Annie Pover, Toronto, Herbert Cain, Newmarket, Chas. Dilse, Barrie, J. T. Imblam, Toronto, John R. Kerr, Toronto, Orange Crush Co., Toronto, William Ostosz, Harry R. Sudier, G. S. Hunter, Toronto, and William Bocale.

The magistrate dismissed a charge of over-loading laid against B. F. Davis, Aurora.

Five motorists were each fined \$10 with costs or ten days, for driving with faulty brakes. They were: Darius Sedore, Lloyd P. Pollock, Keswick, Alex. Wilson, Oakville, John S. Booth, and Ernest Arnold, Keswick. On an additional charge of driving without a name on his truck, Mr. Arnold was remanded for sentence. Suspended sentence was given to Kenneth Cassidy for driving with bad brakes.

For driving without an operator's license Jack Cryderman, Georgina township, was fined \$10 with costs or ten days. On a charge of driving without a chauffeur's license, Lorne Paynter, a driver for Lloyd P. Pollock, Keswick, was also fined \$10 with costs or ten days.

Convicted on a charge of possessing gill nets, Norman Bennett, King township, was fined \$20 with costs, or 20 days, and was given two weeks to make payment. Another charge of fishing without a license was dismissed by the magistrate.

The charges were laid by Game Warden Ernest Prosser, and evidence was also given by Officer Norman Sitwell, overseer in the department of game and fisheries, and Gordon Bule, game overseer for Simcoe county.

"On April 29, very early in the morning, in company with the two other officers, we were dragging along the canal," testified Mr. Prosser. "We discovered two gill nets in the water and found a muskellunge and a pike in them. Officer Bule stationed himself at the end of one net and I went to the end of the other, while Officer Sitwell hid on the opposite bank. We also hid the boat and car and lay waiting for the owner of the nets."

"About 6 a.m. the accused came along the bank with an older man and a dog," continued Mr. Prosser. "The dog started to bark when he got near us. The older man said: 'Don't go near, the game warden is there.' The accused boy went up the bank but the temptation was too strong and he came back up the bank and took up the stick the net was tied to. As he lifted the stick, he looked across the canal and saw me behind the tree."

"Then he let go of the net and ran over the bank," stated Mr. Prosser. "I hollered to Officer Sitwell and he caught Bennett. When we talked to him he denied owning the nets and said he was just out for an early morning walk."

The other two witnesses, Officers Buie and Sitwell, corroborated the evidence given by Mr. Prosser.

"My father and I were going to work," testified Norman Bennett. "We saw someone in the bushes and thought maybe someone was trying to steal something, so I ran after them. When I was looking for the fellow, I saw the net."

"Did you catch the fellow you were chasing?" questioned Mr. Mathews.

"No." "Why did you keep running when the officer called to you?" "I didn't hear him stop."

"Why were you running when they yelled at you?" "I thought it might be the owner of the nets and he might have a gun," answered Mr. Bennett.

"Did you touch the nets?" "Absolutely not."

"Did you know it was a net?" "I wasn't positive till the game warden pulled it out, but I saw something in the water."

"Did your dog bark?" "No."

"Did your father tell you not to go near?" "No."

"Then you say that all the evidence given by the officers is wrong?" "Yes," answered Mr. Bennett.

"Can you see the water from the bank?" questioned the magistrate.

"The brush is quite high there and it is impossible to see a net in the water."

"There will be a conviction," said the magistrate.

"The department of game and fisheries say they do not wish the minimum penalty to be given on this charge, as fish were actually caught," stated Mr. Mathews.

Charged with driving with bad lights, Charles Miller, Maple, was fined \$1 with costs. On similar charges, Morgan Grant and John Walsh, Toronto, were remanded for sentence on payment of costs.

On a charge of not having an ownership license, W. H. Anderson, Downsview, was fined \$1 and costs, or two days.

Charged with reckless driving, Ivan Bradley was fined \$25 and costs or 15 days. Norman King was given suspended sentence on the payment of costs on a charge of reckless driving.

A charge of not having an operator's license was reduced to failing to produce and Archibald F. Boyes, Toronto, was fined \$2 and costs, or two days.

Convicted on a charge of reckless driving, David Conick was fined \$10 and costs, or ten days, and his driver's license was cancelled for 30 days.

Testifying on this charge, Archibald Boyes stated he was driving north on Yonge St. when he saw the other car coming right for him. He pulled to the side of the road, he said, but Mr. Conick's car collided with his. His wife was badly injured. His speed was about 15 miles at that time while Mr. Conick's was about 40, he said.

Mr. Conick stated his car was not travelling at the time, but was stopped on the wrong side of the road.

Other witnesses testified the car was travelling at the time of the impact, so the magistrate ordered a conviction.

## York Festival Is Best In East, Judge States

High Standard Receives Special Comment By Adjudicators

### COMMITTEES PRAISED

Describing the York Musical Festival as "the best in eastern Canada," J. Campbell McInnes, adjudicator for senior vocal and choral classes, praised highly the standard attained by entrants, in the United church on Friday night.

Elie Spivak, adjudicator in the string and orchestral classes, took in even more territory. The festival, he stated, compared favorably not only with other Canadian festivals, but with festivals which he had attended in other countries. In his ten years of adjudicating he had seldom found a higher standard of music.

The adjudicator in the piano classes, G. D. Atkinson, also was very complimentary in his remarks. The open piano solo class for entrants under 16 years of age came in for exceptionally high praise. It was the best class he had ever heard, he said. He complimented the committee which had selected the test pieces on the choices they had made. Both the selections and the manner in which they were performed deserved praise, he felt.

Friday afternoon results:

Three gold medalists competed in the violin solo finals, with Joe Pach, child violinist from Toronto, taking first place. Mavis Bailey and Billy Livings, Weston, took second and third places.

First place for the Mrs. James Whistler prizes for reading classes went to Kenneth Crowley, Weston, with Eddie Winterfield of Rawlinson P.S., just one mark behind, taking second award.

Andrew Clarke, Weston, winner of two gold medals in the junior violin classes, was given the Ada E. Campbell trophy.

Mayor Dr. C. R. Boulding presented the scholarships which appear on the festival prize list for the first time this year, on Friday evening.

The Mrs. Andrew Davis scholarship for piano went to Roy Nelson of Lansing.

Mavis Bailey of Weston won the York Musical Festival scholarship for violin. The town of Newmarket scholarship for vocal was awarded to Alma Baker of Stouffville.

The festival would be held at approximately the same date next year, the mayor stated. He stressed the fact that it was not an Aurora festival, but as its name implied, a festival for all of York county. He thanked the committees for their work in making the festival a success and expressed gratitude to the various municipalities who had been so generous with shields and donations.

### ABOUT TOWN

#### WORDS WITHOUT MUSIC

Drenched in music and sunk in sound, we sat in the church while all around spectators gaped and judges frowned, children grinned and McInnes clowned.

We wondered what all the noise was for—will somebody kindly close that door—and we asked who the blank was keeping the score—if they don't get medals, do they get sore?

We saw the children one by one, each with his separate place in the sun, sing as if it were all in fun, then bow and smile when his song was done.

We asked a man, "What's the good of it all?"—but we asked a man who was far too tall—he banged our head against the wall, threw us out of the fine church hall, and said, "Young man, you've too much gall....This is the musical festival!"

EAST GWILLEMBOURY VILLAGE CANINES ARE "BY-LAWED"

A by-law to prohibit the running of dogs at large in the village of Mount Albert from May 1 to October 1 of each year was passed at the regular meeting of East Gwillimbury township council in Sharon hall on May 7, with all members present.

Joseph Jardine was appointed permanent constable at a salary of \$50 a month.

The reeve and road superintendent were appointed a committee to settle relief accounts with the town of Newmarket.

The police village trustees of Holland Landing were given permission to lease a portion of the unused road allowance to John Papish.

A by-law expropriating cer-

certain lands for county road purposes was passed. Wm. Greig and George Harrison were appointed valuers to value cer-

tain lands being expropriated by the council and described in the expropriation by-laws. It was decided to hold the court of revision of the assessment roll on Friday, June 3, at one p.m.

The following accounts were passed: W. T. Huntley, stamps, \$5; W. A. Burkholder, supplies, \$5.18; county treasurer, hospitalization, \$233.50; Roadhouse and Rose, ambulance, \$5; Mrs. C. Bellar, nursing, \$7; C. Swallow, maps, \$5.50; Mount Albert Telephone Co., \$19.35; North York Registry Office, \$25; Dr. R. L. Hewitt, \$7; Dr. J. G. Cock, \$22; Dr. W. L. Carruthers, board of health, \$50; Dr. Johnson, board of health, \$50; Theaker and Son, ambulance, \$12; L. J. Farr, salary, \$10; J. L. Smith, salary, \$90. Relief accounts: G. Goodwin, \$2; R. U. Tate, \$7.12; W. Eves, \$6; A and P Stores, \$40; S. R. Goodwin, \$51; F. J. Sheppard, \$5; Wm. Barker, \$5; Kenneth Ross, \$80; S. C. Sheppard, \$30; W. A. Brunton, \$7; Cousins Dairy, \$3; Bell's Drug Store, \$5; Carload Groceries, \$5.35; James Knott, \$10; Loblaw's, \$2; J. Sirois, \$1.40; Mrs. F. Widdifield, \$5; John Farr, \$2; F. Rowe and Son, \$14; P. Appleberg, \$6.50; W. S. 75; Warren Sedore, \$5; Irwin Erb, \$11.25; Dalton Smith, \$4; J. A. Broad, \$9; Sidney Thompson, \$15; E. Fray, \$9. Road ac-

counts were also passed.

The meeting adjourned to meet again on Monday, June 6, at ten a.m., instead of on June 4.

#### NEWMARKET VETERANS HOLD OLD-TIME BEE

Reminiscent of pioneer days when barn-raising, logging and quilting-bees were both enjoyable and profitable functions, a number of Newmarket veterans put their shoulders to the wheel recently, and put in a cellar for a local veterans' widow.

The boys, working under Pres. Alf "Micky" Smith, all enjoyed the undertaking and suffered only one casualty. Comrade Bill White fell over a shell-box and injured his shoulder, forcing him to confine his activities to playing the piano. So Bill kept the boys in good spirits with "whistle while you work," and other appropriate tunes.

As with the bees of old much was accomplished, a large labor bill was saved, and everyone seemed "happy about the whole thing."

NEWSPAPER CLARIFIES COUNCIL RULING

Laying a six-inch main on Charles St. and installing a hydrant was approved by the town council on Monday evening.

Stating that he was under the impression that the council had refused to approve laying a water main on Park Ave., Councillor Wm. Dixon raised the question discussed at the previous meeting.

According to Councillor W. W. Osborne, the council refused to pay the cost of digging and re-filling a trench outside the town, the piping to be paid for by the house-owners, and had also refused to approve laying a six-inch main, as recommended by his committee, to the town limits. But Mr. Osborne said the council had approved laying a one-inch pipe to the town limits. To make this clear, the council passed a motion to this effect.

## REUNION OF OLD BOYS PLANNED NEXT WEEK

What promises to be one of the brightest days in Aurora's jubilee year is being planned for May 27. It will take the form of an "old boys" reunion banquet and evening of entertainment, sponsored by the Aurora Service Club.

John F. Clark, known throughout Canada, for his lectures on horticulture, has been obtained by the club for a lecture in Mechanics' Hall on Friday evening of next week. The lecture will begin at 8.15 p.m.

We saw the children one by one,

## A GRAND BIG CAR in everything but price!

The De Luxe Ford V-8 looks big and is big — in performance and value.

The De Luxe was designed for a definite group of customers — folks who liked the basic Ford features, but wanted a little more size and style. We've put in everything they asked for.

The De Luxe is richly appointed, inside and out. Closed sedans have longer bodies and larger luggage space. The V-8 engine under the hood develops 85 smooth-flowing horsepower and gives 22 to 27 miles

on a gallon of gas, as owners report. In comfort, performance and pride of ownership, the De Luxe Ford sets a new high for the low-price field.

De Luxe prices are especially reasonable when you realize that they include a great deal of equipment for which you are often asked to pay extra . . . The newly styled Standard Ford V-8 is even lower priced. Because both cars are Fords, you know that whatever you pay, you'll get good measure for your money.

**\$30 A MONTH, with reasonable down-payment, buys any new Ford V-8 car under T. F. C. National Finance Plan.**

### KING CONTESTANTS ARE SUCCESSFUL

Measles is playing havoc with the school attendance. Everyone is glad the victims of the disease are convalescing.

Mr. and Mrs. Cecil Goodwin of Toronto, Cecil Jr., and Jimmie, visited Miss Ferguson at Scots Wha Hae on Sunday.

Miss White, so favorably known by her writings as Bride Broder, is planning to spend the weekends in the country at Scots Wha Hae.

Miss Fisher returned from Bradford where she had been staying with Mr. and Miss Barnard, during the illness and death of Winnie, niece of the Barnards. Miss Barnard and Winnie were visiting Miss Fisher in King when Winnie took sick. She was able to be taken home, but she became worse and passed away.

Mrs. Carmichael, cousin of the Barnards, and sister of the late J. L. Jenkins, who recently came from Kirkland Lake on a visit, has returned to King City from Bradford, and is visiting friends, remaining with Miss Fisher. The community is always glad to renew acquaintance with this delightful and gracious lady.

The late John Struthers Gillies, who recently passed away in Toronto, and was buried in King City cemetery on May 6, was a native of this corner of King. The Gillies' farm was that now occupied by Clifford Folliott. John attended Eversley school, later married, and farmed the homestead.

Later he moved away, going west. He visited his friends in King in recent years, and remained with his brother, Thomas, in Toronto. He was well-known through the township, where the large family of the Gillies' spent their lives.

Congratulations are extended to all the successful contestants from King at the York musical festival. Besides Ruth Bateson, gold medalist in the solo class under 16 years, Ruth Baldwin of Strange, Mildred Folliott of Temperanceville, Alfred Barker of King, who generously serves in song with his fine, sweet voice, and Jean Umehara, in piano, were all successful.

Have the readers gathered and eaten their share of morels this season? Morels are what they are called or morellas, as known by their class name, are the earliest of the fungi, and come in May and June.

They are brown, often of inverted cone shape, deeply honey-combed, but often like a brown sponge that has happily burst in all directions. They are found to be found under pine trees. Other varieties are found in other woods. Soak in salted water to remove any lurking insect and fry, and eat!!!

### SCHONBERG MRS. E. PEARSON IS NEW PRESIDENT

Mr. Ted Sutton of Toronto public school staff spent the weekend with his parents, Mr. and Mrs. Joseph Sutton.

Mrs. R. J. Hulse is visiting friends in Toronto.

Mr. Wm. Perry, who recently underwent a second serious operation in a Toronto hospital, is convalescing slowly.

Congratulations are due little Miss Valerie Hunter who took high standing in both singing and elocution at the York Musical Festival last week. Valerie took a gold medal for singing at Aurora and also a bronze medal at the Peel county festival in Brampton the previous week.

Many from here attended the funeral service of the late Richard Ellison of Toronto which took place in St. John's Anglican church, Tecumseh, on Friday afternoon.

The Women's Institute met in the club room on Thursday afternoon last week. This was the annual meeting and election of officers. Mrs. Schoultz, retiring president, was in charge.

A donation was voted to the public library and the conveners of the various standing committees gave their reports of the year's activities. The election of officers resulted as follows:

President, Mrs. E. J. Pearson; vice-pres., Mrs. J. Hart; secretaries, Mrs. E. Smith; district director, Mrs. Schoultz; directors, Mrs. Morrison, Mrs. D. B. Davis, Mrs. W. E. Dale, Mrs. Carr, Mrs. B. Skinner, Mrs. E. Aitcheson, Mrs. Kay, Mrs. McGowan, Mrs. C. Merchant, Mrs. W. Sloan.

A vote of appreciation was tendered the retiring president and after the national anthem was sung, refreshments were served.

Mr. and Mrs. D. A. Waughope and family were in the city on Friday of last week.

Mr. and Mrs. W. L. McGowan spent Tuesday of last week in Toronto.

Mr. and Mrs. Cecil Wood, also Mrs. H. Wood and Miss Muriel Wood spent Friday in the city.

Mr. George Nevilles, who for many years made his home with Mr. and Mrs. C. Merchant, is leaving this week for an extended visit with relatives in England.

### KING DR. E. J. THOMPSON SPEAKS AT LASKEY

Mrs. W. Rolling spent last week at her mother's home in Uxbridge.

Mrs. C. Campbell has returned from Orangeville, having spent a few days with her son, Marshall.

Mrs. H. J. Moffatt of Walkerton, who has been attending Mrs. E. Thorpe for the last five weeks, has returned home.

Hearliest congratulations are extended to the young people of this vicinity who gained honors for themselves at the York Musical Festival held in Aurora.

They are Ruth Baldwin,

Tursha Boys, Ruth Bateson, Mildred Folliott and Alfred Barker. May these people continue with their success.

Mr. and Mrs. R. Thorpe, Mr. and Mrs. Waldruff and Mr. Melville Waldruff were guests of Mr. and Mrs. E. Thorpe on Sunday.

The Toronto Centre North Presbytery held their spring convention in the King City United church on Wednesday. The convention was called at 6:30, beginning with a supper provided by King City Y.P.U. The program featured the installation of the new officers for the following year. The final debate between Glenville and Temperanceville, and Newmarket's Biblical drama entitled, "Release," which took first prize in the drama festival, were presented.

"I had neuritis in the head and right arm. I suffered untold agony with my head, and I dare not think what might have happened had it continued. Everybody knows what a headache is like, but it is as nothing compared with the awful pain of neuritis in the head. I spent sleepless nights tossing with pain. I began taking Kruschen Salts, and after some months of the treatment I have effected lasting relief." —(Mrs.) L. M.

Neuritis, like rheumatism and sciatica, frequently has its roots in intestinal stasis (delay)—the unsuspected accumulation in the system of harmful waste matter, which leads to the formation of excess uric acid.

Two of the ingredients of Kruschen Salts have the power of dissolving uric acid crystals. Other ingredients of Kruschen assist Nature to expel these dissolved crystals through the natural channels.

### Pottageville

Mr. and Mrs. T. Williams of Pottageville, Mr. and Mrs. Reece Williams of Toronto, and Mr. and Mrs. Wm. Walton and daughter, Edith, of Toronto, spent Mother's day at the home of Mr. and Mrs. A. E. Hillborn of Kettleby, and also celebrated the wedding anniversaries of Mr. and Mrs. Reece Williams. The ladies afterwards, visited Mrs. Bogart, of Kettleby.

The neighbors will be glad to know that Mrs. Geo. West, who has been confined to her bed for the past few weeks, is improving and is able to walk around again.

Mrs. H. Westlake, of Lloydton, is visiting her son, Mr. A. Westlake, here. She was taken seriously ill with pneumonia. At the time of writing her condition is serious. A speedy recovery is wished for her by everyone.

### Cedar Valley

The baseball team of S. S. No. 4 played against Vandorf school team last Friday evening. After an exciting battle the Vandorf team won with the score of 12-11.

The Pine Orchard baseball team played their first game of the season at Pine Orchard against the Sons of England team, Newmarket. The visiting team won an easy victory with the score 14-7.

The Pine Orchard team commence the league games at Mount Albert on Thursday evening.

Mr. and Mrs. Walter Hall and Alice of Sharon spent Sunday with Mr. and Mrs. Howard McClure.

Mr. and Mrs. Jesse Lundy and Mr. and Mrs. Harry Brannam were guests of Mr. and Mrs. Wesley Lundy.

Lantern slides are being shown at the Church of Christ on Thursday evening.

### Glenville

Mr. and Mrs. Jas. Keffler and sons of New Toronto visited the former's parents, Mr. and Mrs. W. Keffler on Sunday.

Miss Gretta Rogers of Newmarket spent Sunday with Mr. and Mrs. Chas. Rogers.

Mr. and Mrs. W. George motored to Janetville on Sunday.

### LAY AWAKE IN AGONY WITH NEURITIS

Kruschen Salts Brought Lasting Relief

Ordinary headaches are bad enough, but they are as nothing compared to the awful pains of neuritis in the head, says this woman. Read how Kruschen completely banished the pain—

"I had neuritis in the head and right arm. I suffered untold agony with my head, and I dare not think what might have happened had it continued. Everybody knows what a headache is like, but it is as nothing compared with the awful pain of neuritis in the head. I spent sleepless nights tossing with pain. A church congregation was giving a reception to a former pastor and his wife. The present pastor in the receiving line greeted his predecessor heartily. "Ah, how pleasant to see you again," he said. "And is this your most charming wife?"

The other minister fixed his host with an accusing stare. "This, he said reprovingly, "is my only wife."

**YOUNG CHIPS HEARS OF A DOUBLE TRAGEDY**

BY RUTH DINGMAN HEBB  
"Why, hello, Young Chips," said Woody Woodpecker. "I haven't seen you lately. Where have you been for the last two or three weeks?"

"Merry and I have been looking after our eggs, of course," replied Young Chips. "We expect them to hatch out almost any time now. I've been very busy, haven't you?"

"I am now, but we didn't start nesting until last week, so we are two or three weeks behind you. Chickadees," said Woody.

"But even at that, we're ahead of our friends, the Nuthatches. Imagine! They don't nest until the fourth week in May."

"Well, our families will be that much older and wiser than theirs, by the time the summer comes," said Young Chips.

"They will if they grow up," said Woody darkly.

"Why do you say that?" asked Young Chips.

"My wife has begun to worry already that something will happen to the young ones," said Woody. "That terrible Robin affair depressed her, I guess."

"What affair?" exclaimed Young Chips. "I certainly didn't hear a thing about it."

"Why, didn't you know?" asked Woody in amazement. "Rob Robin's brother lost his wife and one of his children, in the same accident."

"How perfectly awful," gasped Chips. "How could things like that occur?"

"Well," explained Woody. "As I understand it, Mrs. Robin had left the nest for a minute and one of the children fell out to the ground below, but was not hurt. However, a big cat pounced on it, just as Mrs. Robin got back. She started to fight the cat in an effort to save her young one, and was killed herself. And the pathetic thing was that the cat had already killed the young one. And so Mr. Robin is left with two other motherless children."

"Why, that's terrible," shuddered Young Chips. "I wish you hadn't told me about it."

"Don't think about it then," advised Woody. "Doesn't Bob Bobolink sound happy, singing away, over on the far side of this field? He's one of the happiest people I know. You'd think he hadn't a care in the world."

"He probably hasn't a care," said Chips. "If he hasn't started to nest yet, why should he have any worries. It's after you set up housekeeping and start raising a family that the anxiety begins."

"I hear someone else that sounds happy," said Woody. "It's that Baltimore Oriole. He's been here for over two weeks, and I've been hearing that loud clear warble of his ever since, it seems."

"There are certainly lots of birds around now, all right," said Young Chips. "If one just had time to visit all of them, it would be a very sociable time of year. The Scarlet Tanagers ought to be here now. Have you seen any of them yet?"

"No, I haven't," said Woody. "But I'm watching for them. I've

seen a great many different kinds of Warblers. I was talking to Kitty Catbird this morning. The Catbirds are just finishing up their nest. I suppose you have seen her, too?"

"As a matter of fact, I don't get on too well with her," admitted Young Chips. "I've nothing against the Catbirds as a family, but I had an unfortunate run-in with Kitty in my early youth and we have never felt quite the same friendship toward each other since. That is, I haven't. Maybe she has forgotten all about it, now."

"She probably has," said Woody. "I've always liked Kitty. I know a good many birds think that she enjoys 'meowing' just because she so often frightens other birds, who think she is a cat, but I think that's very unfair to Kitty. She's naturally shy and means no harm to anyone. It's just an unfortunate accident that her voice resembles a cat's."

"I hope you're right," muttered Young Chips. "Well, I must go now, and get back to Merry. I've been standing here chatting far too long as it is. I'll be letting you know the good news when our eggs are hatched out."

**Keswick**

Rev. C. E. Fockler was in charge of both services on Sunday, May 15, at the United church, giving a very fine address each time. Taking his morning text from St. Matthew 14:30, Mr. Fockler stated that to many faith was a fine thing, when everything was running smoothly, but became something different when something was

wrong. Mr. Hart, a recent arrival in Keswick, sang very splendidly, "Jesus Lover of My Soul."

In the evening, Mr. Fockler centred his address around Psalm 23.

Announcement is made of special services next Sunday, when the 200th anniversary of the conversion of John Wesley will be celebrated. The special program will be followed at the morning service and in the evening. Rev. J. M. Wilkinson of Toronto will give an illustrated talk on "The Life of John Wesley," using between 60 and 70 slides.

A meeting of the session is called for Thursday evening, May 26, at the manse.

Choir rehearsal is each Thursday evening at 8 p.m.

Mrs. Perry Winch presided over the well attended, interesting meeting of the W.M.S., which was held on Thursday, May 12, at Mrs. Jud Cole's home, at Roche's Point, which was beautifully bright and cheerful with its many bowls of early flowers.

Those assisting Mrs. Winch were Mrs. Vaughan, Mrs. Fockler, Mrs. Erwin Winch and Mrs. Frank Marritt, who led in prayers and scripture reading. Mrs. Bernard Rye read the devotional leaflet, and joined Mrs. Kenneth McKinnon and Mrs. Harold Wilkinson in very ably reviewing a chapter of the

Mrs. Whipple sang most beautifully a very lovely solo, which was greatly enjoyed and also spoke of her son's work in the mission field, where he and his wife, with their twin babies, are doing good work. Mrs. Hibborn, secretary of the temperance department, gave a short but appropriate talk, and Mrs. McGenerty, supply secretary, reported that the bale would be packed the first week in June.

During the business period, the date of the next meeting was set for Wednesday, June 8. Others assisting were Mrs. Pedlar and Mrs. W. E. Morton, Miss Joy Marritt being pianist. A very lovely letter was read from Mrs. Washington Winch, a member who, due to a long time of illness, has been prevented from attending, and who along with several other most faithful members, also unable to attend, are being greatly missed.

At the conclusion of the meeting, the hostess served a most delicious lunch, being assisted by several of those present, including Mrs. Hibborn, Mrs. Drury, Mrs. Mitchell, Mrs. Frank Marritt; Mrs. Ethan Morton and Miss Helen Smith.

On behalf of those present, the president, Mrs. Vail, extended a vote of sincere appreciation to Mrs. Cole for her gracious hospitality.

This May meeting of the W.M.S. at Mrs. Cole's has become an eagerly anticipated annual event.

**MOUNT ALBERT  
HOME FURNISHING  
COURSE FINISHED**

Miss E. Slichter of the department of agriculture returned to Mount Albert on Monday afternoon, to finish the meetings held here in taking up the subject of "Room arrangement," part of the co-operative program put on by North York District Women's Institute.

At the first meeting Miss Slichter explained and also demonstrated ways of arranging furniture, pictures etc., in the home, to better advantage, both for comfort and looks. On her second visit she had an exhibit of all kinds of fabrics for use in the home, explaining which was good and that which was not and the purposes for which they could be used. She also had pictures showing correct and incorrect arrangement of different rooms.

This has been a real education for those who were interested and those who were not have missed a great deal of valuable information, all of which they might have had free. The meeting was held at the home of Mrs. Carman Rolling.

Mr. and Mrs. M. Mainprize spent several days at Lake Simcoe this week at their cottage.

**Vivian**

Everyone is looking forward to warmer weather now. Growth has been a little slow on account of the cool weather. A few of the more sensitive plants have been touched with frost, but nothing serious, and everything looks favorable for a good harvest.

On Sunday, the Sunday-school room was full and in the evening, Merton Tool, superintendent of the adult division of Whitchurch Sunday-schools, was present, and delivered a very inspiring and earnest address, urging the adults to do all in their power to help their fellow creatures, and especially the young, back to their heritage.

Mr. Rowan's subject for the evening was "Separation," using for his text, "Come ye out from among them and be ye separate, and I will receive you." He explained in his very plain, yet forcible way, that it was absolutely impossible to make a success of life without a definite decision.

A saxophone quartet gave two very beautiful selections, and as usual the old building was crowded. Next Sunday it is expected there will be special music, and on May 24, it is planned to dedicate the site for the new building. In the evening, it is hoped the Kennedy quartet from Uxbridge will be present to sing.
